P-1
Tribute to doctors

17ᵗʰ Aug 2021

OVERVIEW

Make a webpage writing about Doctors who've lost their lives during the covid second wave. You can use paragraphs, links, images with CSS to give the page a decent look. Add a suitable background colour and font style to your webpage. Most of the parts you can make using HTML but to give it a better look using a bit of CSS and a tiny glimpse of JS (Completely optional)

Information that should be Included:

The content of this webpage should typically include text, pictures, videos, animated GIFs etc. The landing page should typically include a well-polished information page about the devastating covid second wave(use data from the gov websites)and you can come up with a separate webpage that has all the information about the number of lives lost during the same period.

innovation.creation.

Tags to Remember

Keep <meta charset="utf-8">

<title> is mandatory

<p> tag is mandatory

<quote> is mandatory

<img> is mandatory

<a> is mandatory
